

## *Age of Revolutions Slideshow*

With a partner, you are to search the Internet for paintings, drawings, and pictures that represent the various Revolutions we've been studying. You need to find a picture to represent EACH of the following:

1. Storming of the Bastille
2. The Reign of Terror
3. Napoleon's Empire
4. Latin American Revolutions
5. European Revolutions of 1848
6. Slave Revolt in Haiti

And any **FOUR** of the following people: **Louis XVI, Marie Antoinette, Maximilien Robespierre, Klemens von Metternich, Simon Bolivar, Father Hidalgo, Toussaint L'Ouverture, James Monroe**

Create a google slideshow with your partner. You are to copy and paste the pictures into a Google Slide. Each picture goes on one page. Below each picture include the web address (copy & paste it) of where you got it. Below the picture and the web address write a brief caption describing what the picture is showing (like a newspaper caption). Below the picture, web address, and caption, write a 6-8 sentence paragraph, in your own words, explaining how the situation came to be or give a description of the person and his accomplishments.
